

Your appointment is on \_\_\_\_\_ at \_\_\_\_\_

Please call the lab at 905-842-6173 to make any changes.

\*for detailed directions please call us or visit us at [www.progenic.ca](http://www.progenic.ca)

1040 South Service Rd. E., Oakville, ON L6J 2X7

## How long will your appointment take?

**Custom Shade:** approx. 15 mins.

Before we start your crown/veneer a trained technician will confirm your base shade in our light balanced patient room. This quick assessment is often enough for us to complete your crown.

**Custom Stain:** approx. 1-2 hrs.

In this appointment, we enhance your crown/veneer by adding the unique details of your natural teeth to the porcelain of your new one(s). Custom staining is not always necessary and the time it takes will vary based on the complexity of your natural teeth and number of teeth we are working on.

**We look forward to your visit!**
